DUTCH GRANULATED PEAT

Finest material for propagating purposes or for mixing with soil to loosen it up and add humus. Especially is this necessary where ericaceous plants are propagated. We are handling only the very best quality. All brands are not alike in quality. Some brands appear to be cheaper, but there is a great difference in quantity packed in bale. Most cheap brands have 14 to 16 bushels per bale. Our bales run 20 bushels. Therefor in our bales you get a greater quantity of material.

1 to 9 bales at \$2.75 per bale; 10 bales and up \$2.60 per bale. 25 bales and up \$2.50 per bale. F. O. B. Dresher.
